Year 1: Ronan, for his independence in using classroom resources to write his own story.

Year 2: Sohani, for perseverance in her learning.

- ♦ **Willow**, for fantastic effort in writing

- ♦ 25th: Wren
- ♦ 26th: Harrison

Autumn has well and truly arrived with the colder, wet and windy weather. But that doesn't stop us going outside with the children, so please ensure your child has a coat in school every day. This week Reception have continued to enjoy reading about the colour monster. The children practised their fine motor skills by using a needle to sew colourful thread around their own colour monsters. In keeping with the theme of colour, on Wednesday the class had lots of messy fun with Mrs Dhanjal exploring the colours they could make through mixing different paints. Year 1 have continued to explore their imagination and make links between texts by sharing other stories about objects that can be something else. The children have been really excited by the story Petra and will be creating their own character on a pebble during their independent learning. In maths they have been learning to recognise number names and matching it to the numeral: they have noticed that some of them are not very phonics friendly. In science, they have been learning to categorise animals into different groups and were very surprised to learn that they were mammals. Year 2 have been practising the four types of sentences and enjoying more stories that include letters. In maths they have been working hard on partitioning numbers to 100 in different ways and learning how to use a number line to count in tens. In PSHE they have been discussing rewards and consequences, they all discussed a time when they received a reward and how it made them feel. In topic KS1 have been learning about the 7 continents and the 5 oceans of the world. They have seen how the world has changed from the time of dinosaurs and found locations where fossils of dinosaurs have been found. They have also been learning about timelines and have created their own timelines about the different periods of dinosaurs. Another fun and busy week. Have a wonderful weekend.

THE WEEK AHEAD

- ♦ Wednesday 5th October: PTA Cheese & Wine Evening @ 7:30pm

THE WEEK IN PICTURES

Colour mixing

Sewing

Using an atlas

LUNCH MENU

The lunch menu for the week ahead will be posted on the website on Fridays. Please click [here](#) to view.
